

SuPER WE Coffee

2022 PROJECT HIGHLIGHTS

August: Collect baseline data

September: The 4th SWITCH-Asia Annual Meeting

October: Celebrating International Coffee Day

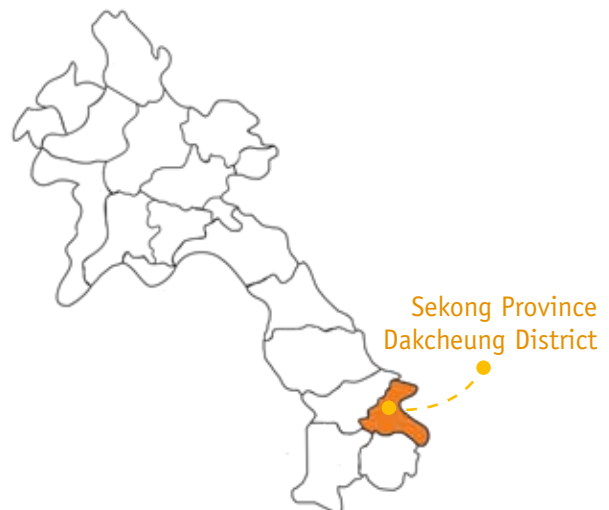

November: The project launch and MoU signing ceremony. Data collection for Gender Value Chain Analysis (GVCA)

December: Project Kick-Off Meeting and Field Visits

BACKGROUND

The Sustainable Production and Ethnic Responsible and Women Empowered Coffee Value Chain Project in Sekong Province (SuPER WE Coffee) will empower coffee farmers to increase their productivity and quality of coffee and increase household income by supporting the establishment of coffee processing centers, planting and processing techniques for production groups, and the provision of planting and processing equipment. This project aims to support the development of a green, low-carbon, resource-efficient and more circular economy, to strengthen collaboration with cooperatives as well as building the capacities of women coffee producers on cooperative principles by integrating gender, leadership and entrepreneurship.

AREA

TOTAL BENEFICIARIES REACHED AUGUST-DECEMBER 2022

COFFEE FARMERS
379

ETHNIC WOMEN
209

AUGUST

Collect baseline data

The baseline data was conducted from 29 August to 3 September 2022. The data was collected in 10 target villages with a total of 274 participants. The baseline data assessed the general condition of the village, socio-economic condition, coffee cultivation techniques, coffee processing techniques, current gender roles, challenges in implementation of previous activities. This data will support the SuPER WE Coffee Project to improve the project activities in target areas.

SEPTEMBER

The 4th SWITCH-Asia Annual Meeting

On 22 - 23 September 2022, Mr. Chattoukhong Phaichit, Project Coordinator of the SuPER WE Coffee Project participated in the 4th SWITCH-Asia Annual Meeting organised by EU SWITCH-Asia in Bangkok, Thailand. The meeting explored topics on market transformation and engagement with the private sector, green financing for SMEs, strengthening regional engagement towards SCP and circularity, communications and outreach strategies for SCP, engagement with knowledge institutions. This meeting will help the SuPER WE Coffee Project to be implemented correctly and sustainably.

OCTOBER

Celebrating International Coffee Day

On 1 October 2022, SuPER WE Coffee’s ethnic women coffee production group participated in the 2022 Lao Coffee Culture Festival hosted in Vientiane Center to exhibit Dakcheung Highland Coffee Products. Through their participation, group members learned about the importance of marketing and also had the opportunity to discuss and exchange experiences with visitors and other coffee producer groups from all over the country.

NOVEMBER

Project Launch and MoU Signing Ceremony

On 1 November, 2022, the SuPER WE Coffee project was launched and a Memorandum of Understanding was signed between CARE International in Lao PDR and the Department of Agriculture and Forestry. 400 coffee farmers (70% women) in 15 villages in Dakcheung District, Sekong Province will receive support to improve quality coffee production and capacity building on networking to enter the domestic and international markets along with sustainable environmental preservation.

NOVEMBER

Data Collection for Gender Value Chain Analysis (GVCA)

On 17 - 21 November 2022, the project staff conducted data collection for the Gender Value Chain Analysis (GVCA). There were a total of 105 participants, including 95 villagers of which 60 were women from five villages (Dakrai, Dakdern, Dakkang, Dakden and Dakaye). One key finding is that men are very supportive of women's increased participation and believe that women can have the same success in coffee production as men. Interestingly, more men believed in women's capabilities than men, indicating the low self-efficacy of women and, therefore, the need to build women's agency.

DECEMBER

Project Kick-Off Meeting and Field Visits

On 14 December 2022, the project kick-off meeting was held in Vientiane Capital attended by representatives from the Provincial and District Departments of Agriculture and Forestry of Sekong, Sekong District Women's Union, EU SWITCH-Asia and coffee farmers. The meeting planned the implementation of project activities among CARE, the government, Haliéus, 4FORM, International Cooperative Alliance, International Training Center and Fairtrade Italia. In the meeting, there was a review and report on the implementation of activities in the past five months and they visited in Khounxay and Dakyoy Villages in order to meet and discuss with coffee production groups about environmentally sustainable coffee production.

POWER OF VOICES

Women's Economic Empowerment

Recorded and translated by: Chattoukhong Phaichit

"I would like to tell all women that they are capable of becoming leaders. *Just be confident in yourself and have the courage to express your opinion, and the confidence to take on high responsibilities.* Most importantly, you must think positively. [For the coffee sector,] be open to learning new techniques to increase the value production for the family as a basis for building the economy for the community."

**Mrs. Phetsaman, Coffee Producer
Khounsay Village, Dakcheung District,
Sekong Province**

Mrs. Phetsaman with her coffee drying center

Mrs. Chinsy are happy with her coffee garden.

"I feel proud and happy that I can share my leadership experiences to women in the community in order to *encourage and motivate them to make decisions, build their confidence in sharing ideas, and increase their understanding on how to generate more income for their families.*"

**Mrs. Chinsy, Coffee Producer
Dakden Village, Dakcheung District,
Sekong Province**
